

## DCP creation and other digital services online

### DCP creation:

- in accordance with international industry standards (InterOp / DCI)
- for all popular cinema server systems (InterOp / SMPTE)
- in all framerates (23.98, 24, 25, 29.97, 30, 50, 59.94, 60) and resolutions (2K, 4K)
- in all audio formats (2.0, 2.1, 5.1 etc.)

### Digital services:

file conversion in accordance with broadcast standards, video/audio conversion, framerate conversion, intermediate/proxy files creation, remastering, bluray/dvd creation, subtitling etc.

### Workflow

1. Send the most comprehensive info of your media files (as you can get using Mediainfo software for example) and exact description of works to do
2. Get the invoice
3. Pay with paypal or credit card
4. Upload your source files to our ftp server
4. Download processed files in 1 - 5 days

**Standard delivery 3 - 5 days - pricelist.**

**Express delivery 1 - 2 days - pricelist price x 2.**
